Dahl was first with 1/4 turn flexible supply stops in North America; the patented Mini-Ball™ valve was introduced in 1984 and millions of them are installed every year in the U.S.A. and Canada. The second generation Mini-Ball™ valve was launched in 1996 and is CSA & IAPMO approved, and listed to meet the NSF 61/9 standard.

Rated to 250F/250PSI (depending on the pipe connection) Dahl Mini-Ball™ Valves are designed to withstand the heat of soldering. You can use them on both plumbing and hydronic heating applications.
